roasted romanesco, pepitas,
walnuts, maple mustard
vinaigrette

At 22 Square we believe in sustainable, quality ingredients that we can enjoy for generations. Be it local caught seafood from the Atlantic on vessels like the "Papa T", who source all our Georgia Shrimp. Heritage Poultry raised humanely and naturally, from Joyce Farms in North Carolina. Or by going to Forsyth Farmers Market to pick the best local produce. One of our favorites Billy's Botanicals is the only aquaponics farm here in Savannah.

Thank you for letting us share our philosophy with you.

Southern Favorites Reimagined
